

Hello!

I'd like to start by saying 'thank you' to you for your participation and partnership in one or more of our Registered Apprenticeship programs here at HutchCC.

Our current SAEEl (State Apprenticeship Expansion, Equity, and Innovation) grant with the State of Kansas has an employer incentive component for apprenticeship in which HutchCC is the intermediary sponsor, which is one of the factors we may have spoken to you about as we set up your apprenticeship program. Please accept this check as an employer incentive payment from our SAEEl grant as our way to continue to support your apprenticeship efforts within your company.

Apprenticeships allow individuals to earn while they learn, gain education both on-the-job as well as in job-related classes, complete their degree or certification with little to no college debt, and earn a portable, nationally recognized credential within their industry. We believe that they are excellent technical education.

We look forward to continuing our apprenticeship collaboration with you.

Sincerely,

Amy Elwell
