Part A. Mr. Kerschen gave the Board a copy of the proposed electrical permit fees for the MABCD enforcement area. The electrical permit is form is the form used by the City and the fees have been discounted approximately 5 to 10 percent trying to keep the amounts in whole number amounts. This is the final step needed to get a uniform permit and the fees are based on the amount of permits applied for in the City as compared to the amount applied for in the County. Mr. Stolz is going to have a consultant review all fees later this year and plans to adjust fees as needed at that time.

Board member Naylor made a motion that the Board accept the proposed electrical permit application for and fees. Board member Hawkins seconded the motion. The motion carried 5-1-1 with Board member Nelson opposing and Board member Kretchmar absent.
